January, 1927 Price List

The quotations given on this price list will be protected as long as possible, but are subject to change without advance notice. Seed markets are very firm with strong upward tendency and therefore have to limit quotations in this way. You will note that our quotations are offered both for Clarinda and Chicago, so that eastern customers can get shipment direct from that point. There is a little extra expense in handling shipments from Chicago, but there is an extra saving in freight and quicker delivery to offset this small difference in price. Be sure to address all mail to Clarinda as we have no office at Chicago and only a shipping branch. If seed is ordered from Chicago, but the Clarinda prices remitted we will reserve the right to ship from Clarinda. Chicago prices must be sent in order to get Chicago shipment.
